Dear Ms. Stewart,

We would like to thank you for the recent completion of the ***Disabilities Resource Guide***. This accomplishment will be an invaluable tool for all Troy citizens having disability issues and the caregivers for those with disabilities.

We appreciate the time it must have taken for you and your staff to compile the information. We extend our gratitude to all who had a part in this. We are proud to recommend it to our citizens and will certainly promote it whenever possible.

Thank you for putting the book on our web-link too. That should help make it useful for our citizens.

Sincerely,

Angie Done

Chair of the Advisory Committee of Persons with Disabilities
