Subject: Council Meeting - July 11 - Presentation

OK
SP

Roberta Urbani, Environmental Planner and Mike Palchesko, Regional Manager will be attending. They want to say a few words and do a check presentation (which they will provide). The grant is called the DTE Energy Tree Planting Grant Program, and we received \$3000.

The 2005 DTE Energy Tree Planting Program's purpose is to increase the number and variety of properly maintained trees in municipalities and maintain those trees in good condition and health. An additional purpose is to assist those communities most affected by the Emerald Ash Borer. This grant will enable the city to replace 86 trees in right-of-way areas decimated by the Emerald Ash Borer. We applied for the grant through an open grant announcement, and was awarded \$3000 from the program in April.
