Dear Mayor and Council,

In Jerry Bloom's proposal to amend Section 6.2 regarding vacancies in office, I should have voted NO as I do not believe that council members should be forced to resign in order to run for the office of mayor. The reason I believe this is that I cannot see having, potentially, six council seats affected when only one would be affected if the member did not have to resign. My apologies.

Sincerely,  
Mary Ann Bernardi
