Subject: **Agenda Item** – Standard Purchasing Resolution 2: Bid Award- Lowest Bidder Meeting Specifications – Asphalt Patching Material

RECOMMENDATION

On April 13, 2005, sealed bid proposals were opened to furnish one-year requirements of Asphalt Patching Material. After reviewing these proposals, City management recommends awarding a contract for Item 1, QPR- Delivered to the lowest bidder meeting specifications, Saginaw Asphalt Paving Co. of Saginaw, MI, for an estimated total cost of \$16,407.00, at unit prices contained in the attached bid tabulation. Asphalt Patching Materials are purchased on an as needed basis throughout the year based upon estimated quantities.

In addition, staff recommends rejecting Item 2, QPR/UPM picked up.

SUMMARY

Saginaw Asphalt Paving Co.

Item	Est. Qty	Description	Price Per	Est. Total
1.	300 ton	QPR – Delivered	\$ 54.69/ton	\$ 16,407.00
Estimated Total Cost				\$ 16,407.00

EXPLANATION OF BIDS NOT MEETING SPECIFICATIONS

Barrett Paving Materials Inc. was not awarded Item 1, QPR/UPM- Delivered because the alternate bid submitted for cold patch mixture, CP-6, does not meet the requirements of the current Michigan Department of State Highways Standard Specifications as listed in the bid proposal. They stated that a different liquid mixture is used and after repeated requests, Barrett failed to provide CP-6 specifications that could confirm product conformity.

Proposals submitted for Item 2, QPR-Picked up, were rejected because the cost savings gained by awarding to the apparent low bidder, Saginaw Asphalt Paving Co., would be offset by transportation and fuel costs traveling to their plant in Saginaw. The CP5 product, bid by Ajax Materials, did not meet bid specifications as listed. CP5, a lower grade cold patch, has a higher sand content, thereby reducing product workability and performance, and requiring repeat patching. Lastly, Barrett was not considered for award because it would be more cost effective to have material delivered at \$54.69, rather than picked up at their Mt. Clemens plant for \$56.00 per ton. Therefore, in times of emergencies, material will be purchased for pick-up on an as needed basis utilizing the informal three-quote process.
