We just wanted to thank the firefighters who came to our house on 1-1-10 at 3am. We had a scare when our smoke alarm woke us up to a fire. Our down stairs was full of smoke and the dishwasher was on fire. We put it out with an extinguisher but should have called you first. The firemen made us feel safe by taking the dishwasher outside and checking our house for any possible problems. Thanks to all.  
Lori Sakalian and family (3778 Victoria Dr.)
