Dear Tonni,

I met with your building department yesterday and I just wanted to let you know what a great experience it was. I have been working with the planning department, building officials and fire department. My firm is Dominick Tringali Architects and I work with cities all across the country as well as the state of Michigan.

Your city has been terrific to work with. Everyone has been extremely helpful and knowledgeable in directing us in the proper procedures for getting our project completed in the city of Troy. You have a great organization and a great team.

I think we sometimes forget to take the time to let people know how much we appreciate their professionalism. Thank you for being outstanding!

Sincerely,

Dominick Tringali AIA NCARB
