Dear Mr. Szerlag,

I wanted to take this opportunity to recognize the excellent service that your building department and inspectors have provided Synergy Group and your community.

We have had the pleasure of working with the building department for many years, and have experienced a variety of successful projects in the City of Troy. The staff of inspectors are courteous and knowledgeable in all aspects of the construction process and have worked with us to ensure a safe and streamlined construction process.

Too often these employees do not receive the recognition that they deserve. Thank you for maintaining a department with exceptional professional standards.

Sincerely,

Michael Bolger, LEED AP
