 Attn Claire Weber

We would like acknowledge and thank the many people in the Troy vicinity that came to our aid on Wednesday morning January, 6 2010. We were staying at the Drury Inn on Big Beaver with our new 9 month old sheltie dog. It got loose in the parking lot behind the Drury Inn. The animal control officer Stephen Vaillancourt and another officer driving a black dodge charger came to our rescue. In addition we had two ambulance drivers, an ATT truck driver and numerous guests of the Inn attempting to help us coral our dog.

We have stayed at the Drury Inn many times and want to also recognize their staff for allowing us more check out time and in particular the food hostess for giving us food in order to entice the dog toward us. Thank you to all.

Keith and Gail Dressell
