Thank you for your kind words. It is our pleasure to provide the service. I will identify the officers involved and be sure it is noted in their files.

Subject: Thank you

Dear Chief Mayer:

On behalf of myself and my family I wanted to thank the Troy Police Department for their excellent service and professionalism. My wife, Jeanne Gonek, had her IPHONE stolen at _____ this past Saturday. Afterward she went to the Police Department to file a report. The officer taking the report treated her with the utmost professionalism. She received a telephone call from the Detective handling the case yesterday. I have no doubt the Department will do everything it can. Because of the excellent service we received, we are voting for the millage increase and encouraging all of our neighbors to do the same.
