Subject: Thank you

On January 13 I fell in my garage and broke my femur, right hip, and fractured two vertebrae. Unable to get up I called 911 from my cell and very quickly a Troy policeman was at my side. I asked for a jacket and he provided one while we waited for an ambulance to arrive. He kept me still and as comfortable as possible. He assisted the ambulance people to facilitate my move to Troy Beaumont, and then closed and locked my condominium (I live alone). I subsequently had my right hip replaced, had neck surgery to repair the two damaged vertebrae and spent 3 weeks in Beaumont.

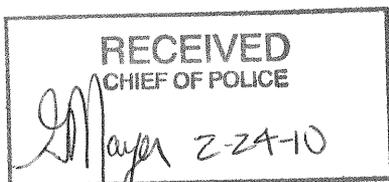

I do not know this policeman's name, but would like to thank him for his help that night. I was grateful for his prompt arrival and his kind, professional approach to my situation that evening. Hopefully this thank you can be passed along to this fine policeman.

Thank you.

Sincerely

Rick Fox
