SUBJECT: Standard Purchasing Resolution 3: Exercise Renewal Option – Concrete Pavement Repair

Background

- On August 17, 2009, Troy City Council approved contracts to complete concrete pavement repair under four proposals: A) - Local Roads, B) - Industrial Roads C) - Major Roads, and D)-Tri Party County Roads with an option to renew for two (2) additional one-year periods to the low bidders: Hard Rock Concrete Inc., Dominic Gaglio Construction Inc., Major Cement Company and Dilisio Contracting Inc. respectively. CC Resolution #2009-08-250-F-4c.
- Hard Rock Concrete Inc., Dominic Gaglio Construction Inc., Major Cement Company and Dilisio Contracting Inc. have agreed to exercise the first-year renewal option at the same prices, terms, conditions as the original contract.
- The Tri Party County Roads agreement is contingent upon the County's terms and approval.
- All four contractors have been producing a quality product for the City.
- The Purchasing Department performed a market survey and based on the results concluded that it is in the City's best interest to exercise the option to renew with all four vendors based on current market conditions. Although the cost of concrete is expected to remain steady, the cost for fuel is projected to rise over the course of the renewal period which would affect transportation costs.
- All four contractors have agreed to pay for overtime incurred by City of Troy inspectors for any inspections that fall outside the normal eight (8) hour work day at the rate of \$50.00 per hour. This rate includes both the cost of the inspector and the City vehicle.
- Concrete pavement repair preserves infrastructure and would improve public safety and also reduce liability for the City.

Financial Considerations

- Funds for this project are budgeted in the 2010/11 Capital Accounts for Public Works Construction.

<u>Proposal</u>	<u>Account #</u>
A	# 401.447.499.7989.500 Local Roads.
B	# 401.447.479.7989.300 Industrial Roads.
C	# 401.447.479.7989.500 Major Roads.
D	# 401.447.479.7989.091016 Tri Party.

Legal Considerations

- ITB-COT 09-07, the Concrete Pavement Repair Program for local, major, and industrial roads with an option to renew for two (2) additional one-year periods was competitively bid, in accordance with City Charter and Code.

Re: Exercise Renewal Option – Concrete Pavement Repair

Recommendation

- City management and the Public Works department recommend exercising the first option to renew for one (1) additional year with Hard Rock Concrete Inc., of Westland, MI; Dominic Gaglio Construction Inc., of Southgate, MI; Major Cement Company, of Detroit, MI; and Dilisio Contracting Inc. of Clinton Township, MI; at the same prices, terms, and conditions, not to exceed amounts budgeted, expiring on June 30, 2011. The Tri Party County Road agreement will be contingent upon the County's term and approval.

RE: MARKET SURVEY – CONCRETE PAVEMENT REPAIR

FLORENCE CEMENT CO – Angelo Lanni (586) 997-2666

According to Angelo, prices will remain the same. He is planning on keeping his prices level and only increase them if fuel costs significantly increase.

MAJOR CEMENT PAVING – Dan Scappaticci (313) 532-3212

Per Dan, his prices will remain the same. He is purposely keeping his prices down in order to compete in the market.

GIORGI CONCRETE LLC – Michelle Solomon (313) 366-2921

Michelle stated that, at this time, their Company is unsure if they plan to increase prices or keep them the same. The decision is dependent on how business is going and market conditions. Unfortunately, she could not comment on these conditions at this time.

LACARIA CONCRETE – Ali Audia (313) 843-1932

He believes that the Company prices will remain the same. If an increase were to happen it would affect concrete at an increase of \$0.25 per square foot, but this small increase would not affect the product costs.

Based upon the above comments, I respectfully recommend that the City accept the offer to renew the contract for Concrete Pavement Repair to the current vendors. Although the cost of concrete repairs is expected to remain steady, there is a possibility of increases based on market conditions. Additionally, the cost of fuel is expected to rise over the course of the renewal period which could affect transportation costs. It should be noted that the surveyed vendors bid prices ranged from 9% to 18% higher than our current vendors' prices based on their averaged totals for Proposals A – D.
