

CITY COUNCIL ACTION REPORT

June 10, 2010

TO: John Szerlag, City Manager

FROM: Mark F. Miller, Acting Assistant City Manager/Economic Development Services
Susan A. Leirstein, Purchasing Director
Timothy L. Richnak, Public Works Director

SUBJECT: Standard Purchasing Resolution 3: Exercise Renewal Option - Automobile, Light Truck, Farm, and Construction Equipment Replacement Parts

Background

- On July 23, 2007, Troy City Council approved contracts to provide three-year (3) requirements of automobile, light truck, farm and construction equipment replacement parts with an option to renew for three (3) additional years to the seventeen (17) lowest bidders meeting specifications under bid ITB-COT 07-14 Proposals A and B. CC Resolution #2007-07-222-E-4d.
- A primary and secondary vendor was chosen for certain product lines in order to provide the City with optimal replacement parts coverage.
- Two of the vendor's, Alert Emergency Equipment Group and Rowerdink Incorporated, chose not to extend their contracts. In addition, Motor City Truck Sales has gone out of business.
- These three vendors were the primary and secondary supplier of a number of different product lines. The majority of these product lines (with the exception of six) will now be obtained from five of the remaining vendors that were already either the primary or secondary suppliers for these products. The remaining six product lines (Go Rhino, Caterpillar, Cummins, Detroit Diesel, Sterling Heavy Duty, and Allison Transmissions) are, on average, low usage items and will be rebid in the future.
- The City's Superintendent of Fleet Maintenance contacted the remaining fourteen (14) vendors to negotiate additional discounts. Several of the vendors agreed and these discounts are noted below.
- The Fleet Division utilizes replacement parts on a daily basis to assure efficient, proper and proactive vehicle\equipment service, repair and maintenance.
- These replacement parts are used in equipment dedicated to public safety to ensure the health and welfare of citizens and businesses, and also reduce the liability for the City.
- The product lines listed below are used daily to service, repair and maintain over five hundred (500) pieces of City owned equipment; as well as in-service work for other municipalities.

Financial Considerations

- Funds are budgeted and available in the Fleet Equipment/Operation and Maintenance operating account #5507774110.
- Contracts for automotive replacement parts are based on discount structures. Troy receives the deepest discounts allowed from aftermarket suppliers and warehouse distributors.

June 10, 2010

To: John Szerlag, City Manager

Re: Exercise Renewal Option – Automobile, Light Truck, Farm, and Construction Equipment Replacement Parts

Legal Considerations

- ITB-COT 07-14, to furnish three-year requirements of automobile, light truck, farm, and construction equipment replacement parts with an option to renew for an additional three years was competitively bid and vendors were given the opportunity to respond with their level of interest in supplying replacement parts for the City.

Recommendation

- City Management and the Fleet Division recommend exercising the option to renew the contracts for three (3) additional years for automotive, light truck, farm and construction equipment replacement parts with the vendors listed below under the same terms, conditions and discounted pricing as noted below, expiring May 31, 2013.

Kirk's Automotive, Detroit, Michigan

ATTN: Chad Buzinski
Start-All Enterprises
24731 W 8 Mile Rd
Detroit MI 48219

Dear Chad:

On May 10, 2007, the City of Troy entered into contract #207001070B with Start-All Enterprises to provide three-years requirements of automobile, light truck, farm and construction equipment replacement parts. This contract contained an option to renew for three additional years under the same terms and conditions as the original contract.

Please fax this letter back by February 5, 2010 indicating if Start-All Enterprises wishes to renew this contract until May 31, 2013. Our fax number is (248) 680-7281. A request by City staff to determine the successful bidder's interest in renewing the contract in no way obligates the City. The option cannot be exercised without Troy City Council approval and a blanket purchase order issued.

If you have any questions, please call me at (248) 680-7288.

CHECK ONE:

Start-All Enterprises is interested in renewing the contract under the same terms and conditions.

CITY COUNCIL ACTION REPORT

July 18, 2007

TO: Phillip L. Nelson, City Manager

FROM: Brian P. Murphy, Assistant City Manager/Economic Development Services
Susan A. Leirstein, Purchasing Director
Timothy L. Richnak, Public Works Director

SUBJECT: Standard Purchasing Resolution 2: Bid Award – Lowest Bidder Meeting Specifications-
Automobile, Light Truck, Farm, and Construction Equipment Replacement Parts

Background

- On May 10, 2007, bids were received and opened for IBT-COT 07-14 to provide three-year requirements of automobile, light truck, farm, and construction equipment replacement parts with an option to renew for three additional years for the City's Fleet Division.
- One Hundred Seventy-Three (173) vendors were notified via the MITN system with twenty (20) bidders responding, including one vendor who did not meet bid specifications for not submitting their pricing on the City of Troy bid proposal pages as specified. In addition, one statement of no bid was received.
- The bid document stated that in order to be considered for an award, a category group must be completed in full. Several vendors did not meet this specification for the following product lines.

VENDOR	PRODUCT LINE
Alert Emergency Equipment Group	Back Rack System
Rowerdink Incorporated	GMC Medium Duty Truck Parts
	Napa Filters
Motor City Truck Sales	Napa Filters
	Synthetic Oil
John R Spring Service Inc	Western Plow Parts
Amsoil/Lubrication Specialist & Co	Chevrolet/GMC Parts

- In addition, Kirks Automotive bid a brake chamber that did not meet specifications for the heavy-duty brake parts product line.
- A primary and secondary vendor was chosen for certain product lines in order to provide the City with optimal replacement parts coverage.
- No bids were received for the following product lines: Badger parts, Case parts, E.J. Ward parts, Federal Signal parts, Galion parts, JCB parts, John Deere parts, Monroe plow parts and New Holland parts. The product lines listed above will be re-bid at a later date.
- The product lines listed below are used daily to service, repair and maintain over five hundred (500) pieces of City owned equipment.

July 18, 2007

To: Phillip L. Nelson, City Manager

Re: Bid Award – Lowest Bidder Meeting Specifications – Automobile, Light Truck, Farm, and Construction Equipment Replacement Parts

Financial Considerations

- The department has funds budgeted in the Fleet Equipment/Operation and Maintenance account #550.7781.

Legal Considerations

- ITB-COT 07-14, to furnish three-year requirements of automobile, light truck, farm, and construction equipment replacement parts with an option to renew for an additional three years was competitively bid and vendors were given the opportunity to respond with their level of interest in supplying replacement parts for the City.

Policy Considerations

- The Fleet Division on a daily basis to assure proper and proactive vehicle\equipment service, repair and maintenance uses the replacement parts. (Goal V)
- The purchase of these replacement parts would assure the health and welfare of citizens and businesses and also reduce the liability for the City. (Goal I & V)

Options

- City management recommends awarding automobile, light truck, farm, and construction equipment replacement parts to the following low bidders meeting specifications under **Proposal A**, at prices and discounts contained in the bid tabulation opened May 10, 2007.
