**Subject:** Council Questions on Tonight's Agenda

Council Member Beltramini had an inquiry on an agenda item for tonight:

**The contract presented in the packet, and the resolution, state that we will be paying \$ .21/foot for this service. However, the bid documents state that the price for 2009 was \$.21/foot and in 2010 the price is \$.22. Are we receiving an additional discount or am I misreading the bid document?**

Chief Nelson's provided the following response:

As stated in the memo the contactor volunteered to extend the 2009 price to 2010 hose testing due to the countywide municipal finance situation.

Mary Redden,  
Administrative Assistant to the City Manager
