

CITY COUNCIL REPORT

Date July 22, 2010

TO: John Szerlag, City Manager

FROM: Mark Miller, Acting Assistant City Manager/Economic Development Services
Tonni L. Bartholomew, City Clerk

SUBJECT: July 12, 2010 City Council Meeting - Public Comment – James Savage

Background:

- James Savage was in attendance at the July 12, 2010 Regular City Council Meeting and addressed City Council under F. Public Comment. Mr. Savage has previously attended several Regular City Council meetings and similarly addressed City Council during Public Comment. Mr. Savage has requested that City Management provide him with information and or documentation in the course of addressing Council. The content of Mr. Savage's individual requests has varied.
- The Manager and Attorney being direct appointments of City Council are responsive to City Council requests, in the form of formal motions and Council consensus. During the time spent at Council meetings.
- In a review of the past several meetings of Council, it was noted that there was no apparent directive of City Council for City Management to provide the documentation as requested by Mr. Savage until the Regular City Council Meeting of June 28, 2010.
- On July 12, 2010 City Management provided City Council with an Agenda Report, Item M-11, which addresses Mr. Savage's request as spoken at the meeting of June 28, 2010. Mr. Savage's request at the meeting of July 12, 2010 was expanded, by Mr. Savage, to incorporate additional years of documentation. City Council did not request any follow-up report at the conclusion of Mr. Savage's address under Public Comment. Please be advised that we did send Mr. Savage the Consultant Cost Agenda item and the follow-up information from the July 12, 2010 meeting.
