SUMMARY RESULTS OF ACTUARIAL VALUATION

Your retirement system's financial objective is to establish and receive contributions which will remain approximately level from year to year and will not have to be increased for future generations of taxpayers. Contribution levels are expressed in terms of percents of the city's active member payroll.

To determine an appropriate Employer contribution level for the ensuing year and to gauge how the system's funding is meeting this fundamental objective, an independent firm of actuaries and employee benefit consultants, Gabriel, Roeder, Smith & Company, conducts annual actuarial valuations.

These valuations are based on your System's past experience, information about current participation and financial markets, and assumptions concerning the System's future demographic and economic activity. The results of the December 31, 2009 valuation, based on the established funding objective, are summarized below:

Fiscal Year 2010/11 Employer Contribution

Actual Present Value of all Past & Future Benefits	\$ 153,246,151
Funding Value of Assets	\$ 132,464,823
Actuarial Present Value of Future Employee Contributions	\$ 2,284,282
City's Remaining Unfunded Present Value of Benefits	\$ 18,497,046
City's Annual Normal Cost	\$ 2,504,710
Projected Payroll	\$ 9,625,068

City's Annual Normal Cost as a Dollar Amount **\$ 2,504,710**

Member Contributions - Expressed as percentages of compensation:

1.5% for clerical members, 3.0% for T.F.S.O.A, 1.5% for classified and exempt members, 1.5% for AFSMCE, 4.0% for T.P.O.A and 4.0% for T.C.O.A.

Funded Status*	\$ Millions
• Actuarial accrued liabilities	\$139.5
• Applied assets (market related value)	\$132.4
• % funded	94.9%

Actuary's Opinion

It is the actuary's opinion that the required contribution rate determined by the most recent actuarial valuation is sufficient to meet the system's funding objective, presuming continued timely receipt of required contributions.

*Percent funded is for pension benefits only. The City adopted a Health Care Trust Plan to provide for retiree health care effective July 1, 2005.
