RE: 2005 Assessment Roll Report and Board of Review Minutes

I am pleased to present to you the 2005 Assessment Roll Report for the City of Troy. This roll is the product of a full year's effort by the entire Assessing Department staff. Without their assistance and concerted aid, this roll would surely suffer in accuracy and completeness. We are most appreciative of the efforts they expend every year in the service of the community.

The 2005 Assessment Roll is summarized as follows:

| Total Assessed Value | Total Taxable Value | Residential Taxable Value | Commercial Taxable Value | Industrial Taxable Value | Personal Taxable Value |
|----------------------|---------------------|---------------------------|--------------------------|--------------------------|------------------------|
| 6,526,074,330 | 5,264,351,550 | 2,892,925,590 | 1,369,954,040 | 497,974,250 | 503,497,670 |

The Assessed Value increase for 2005 is \$ 188,851,357 or a 2.98% increase over 2004. This is the 15th highest dollar value increase in the City's history, and it ranks 46th as percentage increases. The Taxable Value increase is \$169,593,327, an increase of 3.33%.

The following chart represents a 5-year history of Assessed and Taxable Values:

| Year | Assessed Value | Increase | % | Taxable Value | Increase | % |
|------|----------------|-------------|------|---------------|-------------|------|
| 2005 | 6,526,074,330 | 149,138,717 | 2.98 | 5,264,351,550 | 169,593,327 | 3.33 |
| 2004 | 6,337,222,973 | 149,138,717 | 2.41 | 5,094,758,223 | 116,494,786 | 2.34 |
| 2003 | 6,188,084,256 | 232,386,858 | 3.90 | 4,978,263,437 | 116,622,789 | 2.40 |
| 2002 | 5,955,697,398 | 303,133,456 | 5.36 | 4,861,640,648 | 175,389,706 | 3.74 |
| 2001 | 5,652,563,942 | 433,966,642 | 8.32 | 4,686,252,942 | 313,178,862 | 7.16 |

The Consumer Price Index in Michigan for 2005 Taxable Values was set at 2.30%. Our total Taxable Value has increased above this number. This increase is due to new construction (which is exempt from the capping effects of Proposal "A"). Also affecting Taxable Value is a change in ownership of property within the City. Ownership transfers uncap the Taxable Value to the current level of Assessment.

It is important to take notice of the difference in Assessed and Taxable Values. Since the passage of Proposal "A", the ratio of Taxable Value to Market Value has been dropping steadily. The statute providing the limitation on the increase in Taxable Value to inflation (or 5%, whichever is less), plus new construction, had been dramatically eroding the tax base of the City.

This year, the increase in Assessed Value is actually less than the increase in Taxable Value. This has not happened since the passage of Proposal A, in 1994.

Last year the chart was expanded to show the ratio of Taxable Value to Market Value, minus Personal Property. Historically, Personal Property has the same assessed and taxable value. Therefore, in order to achieve a more accurate reflection of the erosion of the tax base, the Personal Property totals need to be removed.

As can be seen in the following chart, the 2005 Taxable Value including Personal Property, is at 40.33% of Market Value. In 2004 this percentage was at 40.20% of Market Value.

By removing the Personal Property totals from the calculation, the truer percentage of Taxable Value to Market Value is 39.53% for 2005, as compared with 39.34% for 2004.

The following chart details the ratio of Taxable Value to Market Value (2 times the Assessed Value) with and without Personal Property, since the passage of Proposal "A".

| Ratio of Taxable Value to Market Value since 1994 | | | | | |
|--|-----------------------|----------------------|------------------|--------------------------|--------------------------|

The Personal Property Roll for 2005 is \$ 503,497,670, a decrease of \$32,595,753, or 6.08%. This represents the 11th highest dollar value Personal Property Roll in the history of the City of Troy.

As a dollar value decrease, it is the 4th largest decrease in value since 1976 (when inventory was made exempt).

A decreasing Personal Property Roll is trending as an ongoing phenomenon. Four of the last five years have shown a decrease in the Personal Property totals for the City of Troy.

This decrease is a result of two separate factors.

The first contributing factor is the new Multiplier Tables adopted by the State of Michigan in 2000. These tables depreciate Personal Property at a vastly accelerated rate from previous tables. This trend will continue to erode the tax base of the City for many years to come.

The Personal Property Roll actually had a \$100,029,604 increase in value due to new purchases and new companies in the City. However, this was offset by a \$132,767,057 loss in value from the changes in depreciation schedules, and vacancies in the commercial and industrial market.

The following chart illustrates the 5-year Personal Property Roll history.

| 5 Year Personal Property History | | | |
|---|-------------------------------|---------------|--------------|
| Year | Assessed/Taxable Value | Change | % +/- |
| 2005 | 503,497,670 | (32,595,753) | (6.08) |

The Industrial Facilities Tax Abatement Roll shows a decrease of \$509,640, or –1.53%.

There are normal fluctuations expected in an IFT roll due to depreciation, new equipment purchases, and the expiration of abatements.

The chart below reflects a 5 year history of the tax abatement roll.

| 5 Year Industrial Facilities Tax Abatement History | | | |
|---|-------------------------------|---------------|--------------|

The total 2005 Downtown Development Authority Roll is at \$664,930,800, a 1.29% increase from the 2004 Roll. Real Property is up 1.77% or \$9,261,490. The Personal Property portion has decreased 0.58% or \$773,950.

Subsequently, the captured amount of the DDA is now at \$235,652,270, a 3.74% increase from 2004. In dollars, the captured portion of the DDA has increased \$8,487,540. This increase follows two years of decreases in the DDA.

The following chart details the history of the DDA since its inception.

The Brownfield Redevelopment Authority Roll has had another large increase this year. More of the new condominiums on the roll, in various stages of completion. The base value for the roll is \$5,421,830 (2000). The total value of the roll for 2005 is \$52,659,750, which equates to a captured Taxable Value of \$51,704,708. This equals an increase of \$8,503,168 in captured Taxable Value in one year.

The following chart illustrates the brief history of the Brownfield Redevelopment Authority.

This is the 2nd active year for the Smart Zone (SZ) in Troy. This is the development occurring at the old Troy Airport site. There is still some large development to be completed at the site, and value from the Personal Property to go with the new companies that move in.

The initial base value for the area is \$14,447,380. The 2005 Taxable Value is \$22,482,220, which equates to a captured Taxable Value of \$8,034,840. The real property component is \$16,372,300, and the personal property component is \$6,109,920.

| SmartZone Totals | | | | | |
|-------------------------|-----------------|-------------|-----------------|----------------|---------------------|
| Year | TOTAL SZ | Real | Personal | Capture | Capture %+,- |
| 2005 | 22,482,220 | 16,372,300 | 6,109,920 | 8,034,840 | 48.22 |
| 2004 | 19,867,910 | 15,089,770 | 4,778,140 | 5,420,530 | |

For the 2005 Assessment Year there are 23,133 residential improved parcels in the City of Troy (excluding condominiums). They have an average Assessed Value of \$146,232, and an average Market Value of \$292,464. The average Taxable Value for these parcels is \$115,627.

There are currently 2,368 condominium units in the City of Troy. They have an average Assessed Value of \$99,433 and an average Market Value of \$198,866. The average Taxable Value of these parcels is \$84,273.

Combining Condominiums and Residential property yields a total improved Residential parcel count of 25,501. The average Residential Assessed Value is then \$141,866, with an average Market Value of \$283,732 and an average Residential Taxable Value of \$112,716 for 2005.

There were 1,118 residential sales in the 2004 calendar year. The total sales price for these parcels was \$328,955,217, for an average selling price of \$294,235. The lowest recorded residential sale was \$48,500 and the highest recorded residential sale was \$1,040,000.

There were also 362 sales of condominiums in 2004. They had a total selling price of \$83,290,469, for an average sale price of \$230,057. The lowest recorded condominium sale was \$98,000 and the highest recorded condominium sale was \$805,427.

All of these sales generate a recorded deed, and the vast majority of them lead to the filing of a Property Transfer Affidavit that is processed by this department. In addition, we handle approximately 2,600 Principal residence Exemption Affidavits annually.

There are currently 1,917 Commercial or Industrial zoned parcels in the City of Troy. These parcels encompass 5,708 businesses that file Personal Property returns in the City. The Personal Property returns are mailed to the businesses at the end of the calendar year. The filing deadline is February 20th, of any given year. All of these returns are processed before the last scheduled session of the Board of Review.

Additionally, I have added a Summary Sheet of the Assessment Roll for 2005. Much of the information in this report is summarized in this "Quick Facts" sheet. It also contains the Top 10 Taxpayers in the City for 2005, as well as a summary of the Commercial and Industrial uses, and square footage for 2005.

Finally, the minutes of the Board of Review close out this report. I hope you will appreciate, as I do, the valuable work performed by the staff of the Assessing Department, on behalf of the citizens of the City of Troy. We look forward to serving them in the future and we thank you for the opportunity to assist you in serving the citizens of the City.

I am available to answer any questions you may have.

| Minutes: | Mr. McDaniel appeared before the Board and passed out packets to the Board members. His insurance company had decreased the value of his house and reduced the premiums. It was pointed out to Mr. McDaniel that insurance companies don't insure the land or the foundation. Recent sales activity for his area had a ranch that sold for \$350,000. Based on this information Mr. McDaniel felt his house should be assessed for less. His house is not very improved inside but it is in a good location The Board voted to lower his assessed value to \$168,000. | Minutes |

| Minutes: | Mr. Schmidt appeared before the Board to appeal his increase in assessed value. He informed the Board that the house at 2283 Deer Path sold for \$690,000 and it had a finished basement and considerable interior improvements. The Board indicated to Mr. Schmidt that his house was 600 square feet larger than the one sold. He felt that square footage did not matter, that the lot and interior upgrades were more important in the real world. The petitioner insisted his house didn't have upgrades and his lot was an odd shape. After considerable discussion the Board voted no change. | Minutes |

Correspondence Appeals

Michigan law allows any taxpayer to appeal in writing to the local Board of Review. Written appeals are given the same scrutiny as in-person appeals. Many of them do not present any evidence of value and simply request a review by the Board. The Board votes on these appeals and the vote is recorded in the minutes. These petitioners are also allowed to appeal further to the Michigan Tax Tribunal if they are not satisfied with the Board's action. The Correspondence Appeals follow.

Poverty Exemptions

Poverty Exemptions are appeals for relief of a resident's tax burden for one year, based on a financial or medical hardship. Income and Asset guidelines are adopted each year by City Council. Each applicant must fill out a confidential affidavit detailing their eligibility. State law mandates that the Assessor and the Board of Review must agree on any exemption. There were twenty exemptions applied for at this Board, covering twenty parcels. The Board's decisions follow.

Protection Appeals

Protection appeals are filed by an owner, or the owner's agent to protect the right to appeal to the Michigan Tax Tribunal. An appeal before the Tribunal is only granted if the Petitioner has appealed to the local Board of Review. These appeals present no data to support a change in assessment. These appeals are "Noted and Denied" by the Board. Recording them in the minutes of the Board insures the Petitioner of an appearance at the local Board, and the right to appeal to the Michigan Tax Tribunal, if they feel an adjustment in value can be substantiated. Those appeals follow this introduction.
