Subject: Accident yesterday morning

Chief Mayer

I was in a pretty good accident yesterday morning on the way to the MML convention. My vehicle was struck on I-75 while at a traffic standstill by the vehicle behind me at a fairly good rate of speed. Fortunately I wasn't looking in my rear view mirror to experience the impending crash in my mind before it took place. There were 6 cars total involved, and it looks like my injuries thankfully, were the worst of them.

The officers, were there quickly, attended to all the details professionally and thoughtfully, even the dead raccoon resting beside my car. Alliance tended to my bruises, also professionally and thoughtfully.

My car is a total I believe, but somehow I lucked into a few sore muscles and a bump on the head. My mind has gone back to how inches may have presented me with a very different result. The seat belt certainly saved me from a snapped neck or a launch through the windshield. You know my thoughts on the distracted driving ordinance, but seeing a Yukon hit me square on without hitting the brakes on that section of the freeway, and that volume of traffic yesterday morning, certainly got my attention.

Please pass on my appreciation to all the officers involved for a well organized accident scene.

Thanks

Dave Henderson

POLICE OFFICERS MILT STANBURY
PAT DYJEWSKI
BRANDON PARKER

THANK YOU ALL FOR YOUR PROFESSIONAL HANDLING OF THIS CRASH. AS YOU CAN SEE COUNCILMAN HENDERSON SURE APPRECIATES IT.

Gary
