Dear Detective Mork,

Greetings! Thank you so much for your wonderful presentation on "Internet Safety: Protecting Your Children" to our synagogue parents' group this past Sunday. The feedback I received was overwhelmingly positive. The parents praised your preparation and discussion, offering many thanks for the opportunity to learn how to better monitor their children's on-line activities. The only negative comments I received were from parents jealous because they were not able to attend! We will certainly have to bring you back to do another presentation in the future.

Once again, we are thankful to you and to the City of Troy Police Department for offering this incredible service. Thank you, also, for all that you do to protect the children of our community.

Sincerely,

Rabbi Aaron Starr
