Subject: Re: Motorcycle Awareness

Hello Cindy,

Thank you very much for having me! I've been to several cities this year for these proclamations. The city of Troy was the last one for the year but certainly not the least in any stretch. I was beyond impressed with this one in particular. From start to finish everything was handled masterfully! You are a terrific Community Affairs director and I was very impressed with the Mayor and the council members as well. Everyone involved was truly a cut above the rest. You all exude class and decorum. I am proud to call Troy my home.

Again, big thanks to you and everyone else involved, from myself and of course ABATE Michigan. We truly appreciate everything.

I will certainly look forward to doing this again next year.(I will have a speech prepared for next time 😊)
